

Property Claim Servicing You Can Be Confident In

SCA Claims Service handles all daily non-weather and weather-related property claims, as well as property claims associated with a catastrophe, for both residential and commercial properties.

The Right Adjuster for Your Claim

With more than 40 years of experience assembling and managing a national network of adjusters, you and your client can rest assured SCA will provide highly trained adjusters with current field experience relative to the type of damage the property sustained. Our adjusters are extremely knowledgeable when it comes to investigation, policy and coverage interpretation, estimatics, and reporting.

When SCA is assigned a claim, we find the right adjuster for that claim, not just any adjuster in the area.

Quality Control You Can Trust

Our centralized Quality Control team reviews every file received before sending it your way. Comprised of adjusters licensed in all 50 states, they have the experience and knowledge to ensure every file is accurate, has followed best practices, and adheres to your company's guidelines.

With our robust commitment to quality, we take pride in delivering a property claims solution that services claims both faster and more accurately so files close quickly and stay closed.

When you partner with SCA Claim Services, we help create happier desk adjusters and highly satisfied policyholders. Don't just take our word for it though. Our average NPS over the last four quarters is 61.5!
