

OVER 40 YEARS OF EXCEPTIONAL VEHICLE CLAIMS SERVICE

With decades of industry experience, the smartest employees, a top tier technology department and millions of completed claims our customers know what to expect from SCA – the best appraisal product and solution-driven services.

QUALITY

SCA provides outstanding products and unsurpassed service that deliver premium value to our clients. Every file worked on is reviewed by a centralized team of adjusters who are licensed in every state to ensure accuracy, use of best practices and adherence to the client guidelines.

CONSISTENCY

SCA has carefully cultivated a claims flow process that quickly assigns a claim to the local market expert who has the most knowledge about the damaged property and the type of damage it sustained. This ensures the loss is inspected and estimated correctly the first time.

SPEED

SCA quickly pairs the right adjuster with the right type of claim and utilizes industry leading technology to effectively manage and complete customer assignments. Because of this, we are able to service claims fast and accurately so files close quickly and stay closed.
