

SCA

CLAIM SERVICES

SCA has been a leading provider of claims management services to the insurance industry for more than 45 years.

Providing integration assistance and online/mobile app technology to our customers and partners allows us to better facilitate everyone's end goal of a satisfied vehicle owner. With our technology-forward vantage point, we will always remain the leader in our field.

SCA Claim Services has decades of industry experience, millions of completed claims, the smartest employees and a top-tier technology department. Our customers know that we deliver the best claim and solution-driven services. Throughout our decades of service to the industry, every employee, product or service has had a laser focus on 'Managing the Middle' in terms of ensuring accurate severity and parts usage, quick cycle time on estimates and supplements, and great customer service.
